DOG LOGIC

By Robyn Osborne
(Big Sky Publishing, \$19.95)

I AM quite sure that like me all dog owners wonder what their dog is thinking as it gazes up and cocks its head from side to side. What is it that turns a perfect pooch into a digger, biter or barker? How does your dog know that you have just taken the cheese out of the fridge or put some dried liver in your back pocket. Why does he-she pull on the lead at times, obey sometimes and not others? Well, Dog Logic tells all straight from the dog's mouth. Written as if a dog called Sox is telling the story, this is the perfect book for understanding your pet.
